Supporting Education for Sustainability in School Communities

3.45pm

Informal Networking

Time for a cuppa...

4.00pm

Ag Academy

Engaging the next generation with agriculture, the Ag Academy seeks to spark curiosity in students and give them tools to understand the Western Australian agricultural industry. Find out how you can get your school involved.

Aaron Natoli

4.45pm

Green Lab 2030

Green Lab is a citizen science and action program empowered by [Millennium Kids Inc](#) and designed by young people to increase, preserve and manage tree canopy within the Greater Perth areas. Let's explore the new website and find out how you can get started on your Green Lab journey. I think you will be surprised that your story has already begun!

Joselyn Juraszek

5.15pm

Your school's sustainability journey

Let's have a discussion.....

What projects do you have up and running at your school? What projects do you have on your wish list? What support do you need to make them happen?

Joselyn Juraszek

5.30pm Finish

Please RSVP to joselyn.juraszek@dbca.wa.gov.au . Hope you can join us.
