

## Candidate Details

Ballot paper name	<b>SEKHON, Shen</b>
Candidate name	<b>Shenjeet Kaur GILL-SEKHON</b>
District	<b>City of Canning</b>
Nominating for	<b>Councillor for Beeliar Ward</b>
Election type	<b>Ordinary</b>
Enrolment status	<b>SEKHON, Shen is eligible to stand for election as a resident of the City of Canning.</b>

It is a privilege to have been elected to Council in the December by-election, and I am proud of what I have achieved for our community in the short time since. I said that Council needed to go back to basics, live within its means, and maintain our parks and open spaces to a standard that demonstrates value for money for the rates that we pay. I've delivered!

My husband and I have raised our 3 children in this community, I sit on the board of Burrendah Primary School, in 2020 I founded the CALD Women's Business Group, I hold an MBA from Curtin University and a degree in Mass Communications, and until my election I was a proud City of Canning Cultural Ambassador.

If re-elected I will continue to bring a fresh, 'community-first' perspective to Council, using my skills to create a safer more welcoming community. Residents deserve a passionate local Councillor who is already committed to our community. I believe I am that person, – and I need your support.

Please, Vote 1 – Shen SEKHON

It is a privilege to have been elected to Council in the December 2022 by-election, and I am proud of what I have achieved for our community in the short time since.

I said that **Council needed to go back to basics**, live within its means, and maintain our parks and open spaces to a standard that demonstrates value for money for the rates that we pay. **I've delivered!**

I advocated for **Barracuda Park to be upgraded, it's happening**. I advocated for more **Ranger patrols, they have increased**, and I advocated for **shade over Woodthrope playground, it too is happening!**

I have been working with the local primary and high schools to address the issues of traffic management and safety around our schools, and I need your support to ensure my work can continue.

My husband and I have raised our 3 children in this community, **I sit on the board of Burrendah Primary School**, in 2020 I founded the CALD Women's Business Group, **I hold an MBA from Curtin University and a degree in Mass Communications**.

**If re-elected** I will continue to bring a fresh, '**community-first**' perspective to Council, using my skills to create a safer more welcoming community. **Residents deserve a passionate local Councillor** who is already committed to our community.

With your support I can continue to:

- Work hard to ensure every rate payer receives **value for money** from their annual rates.
- Represent you with **respect, honesty and integrity**.
- Work to attract more **investment into local services**, programs and facilities, including our **parks and playgrounds**.
- Work hard to **ensure every resident feels safe** in their home and in their community.
- Remain committed to working towards **balancing the City's dog on/off leash areas** to ensure families feel safe in our parks and playgrounds, whilst ensuring there are enough parks for dogs to get exercise.

**Please VOTE 1 – Shen SEKHON to enable me to continue representing you and our Community on the Canning Council.**
