The natural beauty of this area is one of the reasons I chose Wilson to be my home for 23 years.

I am a Justice of the Peace and long-term Secretary of Wilson Residents and Ratepayers Association and advocated on behalf of this community on a range of local issues including campaigning against the proposed amalgamation of local governments. I listened and represented the City ratepayers and the proposal was reversed.

I am proud of the positive contribution I have made in leadership roles with Activ, Diabetes WA and Parkinsons WA and see a role on Council as an extension of my commitment to the community.

I will apply my experience and skills to make a difference on issues such as protecting our natural environment, waste management and financial accountability. I will work as part of the team to build a safer, welcoming Canning.

I want Canning to be a place where people choose to live, work and relax, and I will be your **strong voice** on Council.

**I ask for your support and vote.**

Deanne Dymock JP

My name is Deanne Dymock and I am excited to be your candidate for the Beeloo Ward of the City of Canning. The natural beauty and community assets of this area are the reasons I chose Wilson to be my home for 23 years.

I am interested in local government issues and decision-making processes which is why I am the long-term Secretary of Wilson Residents and Ratepayers Association (WRRRA). WRRRA has advocated on behalf of this community on a range of local issues and regularly reports directly to households to maintain two way communication. Our committee actively campaigned against the proposed amalgamation of local governments in 2014. We listened and represented the City ratepayers and the proposal was reversed.

I am proud of the positive contribution that I have made in leadership roles with Activ, Diabetes WA and Parkinsons WA and see a role on Council as an extension of my commitment to the community.

I am a Justice of the Peace, a position that enables me to provide service to individuals living in the area.

I intend to apply my experience and skills to make a difference on issues such as protecting our natural environment, managing our waste and financial accountability. I will work hard to build a safer, cleaner, welcoming city.

I want Canning to be the first choice for people to live, work and relax. I will collaborate with other elected members to be a strong and honest voice on Council.

**I ask for your support and vote .**
