

Candidate Details

Ballot paper name	WHITTRED, Trevor
Candidate name	Trevor WHITTRED
District	City of Canning
Nominating for	Councillor for Mason Ward
Election type	Ordinary
Enrolment status	WHITTRED, Trevor is eligible to stand for election as a resident of the City of Canning.

My family raised me in Canning, and now I'm raising my own young family here. **I want to help build a vibrant and safer community for us all, where people can hold their heads up with pride, and where residents feel valued.**

I'm an active member of our community and it would be a privilege and an honour to represent Mason Ward as your Councillor.

My commitment is to advocate for a youth hub in Bentley; focus on improving community safety, invest more into parks and playgrounds – particularly in Queens Park, preserve our natural environment, demonstrate responsible financial management, and show greater support for our volunteer organisations.

I hold a Commerce Degree from Curtin University and work in contracts and procurement in the public sector. I believe that local government should be open and accountable in the way it conducts its business, and I will ensure that it is.

This election **don't be misled by false promises.** We need to stand for better, stand for more. **It's time for change!**
