Since first elected, I have been your strong voice at Council and seek your support to carry on with that promise. I'm an Independent Candidate who is Community driven.

I will diligently scrutinize All facets of Annual Budget proposals, to ensure Transparency and Accountability. Since 2015, RATES have risen inexorably. I believe they have been excessive and should have been used in a more efficient manner. CPI cap, is a simple proposal. Council should not be involved in Commercial speculation and Risking Ratepayer funds. Tenders for Land Sales and Procurement should be Open and Transparent. Overzealous Positivity and Debt have serious downsides. Cautious Optimism and Fiscal restraint is needed. I believe Ratepayers and Councilors should be encouraged to Question how Funds are spent. Remember Council is a Service provider, not a Conglomerate. It serves us, not the other way around. Please serve Democracy, and Vote.

I would appreciate your support. Vote BARRY 1, Thank you.
