Candidate name	Patrick Vincent HALL
District	City of Canning
Nominating for	Mayor for City of Canning
Election type	Ordinary
Enrolment status	HALL, Patrick is eligible to stand for election as a resident of the City of Canning.

### VOTE 1 MAYOR PATRICK HALL

**As Mayor since 2019**, it has been a privilege to serve this community. Thank you for placing your faith in me.

**While others offer promises, I have been busy delivering results.**

I have led a Council which this year **delivered a balanced budget & an operating surplus** – the first in years, **reduced debt and cut wasteful spending** (\$3M saved in staff wages this year alone), and has **invested wisely** in community assets like changeroom upgrades, sports lighting projects, our libraries, and the new Bentley Intercultural Centre

My Council has delivered record funding for 40 playground upgrades since 2020 & **Canning's first \$1M+ district playground is coming in 2024**, and we acted on crime by **creating the Home Security Incentive Scheme** in 2020, then established this **City's first CCTV Policy** so that we can focus attention on known crime hot spots.

With your support, I will continue to lead by example, with integrity, and deliver real results. **Positive, Proven, Trusted Leadership!!**

## VOTE 1 MAYOR PATRICK HALL

**As Mayor since 2019**, I have dedicated myself to this role & worked tirelessly on behalf of residents and community groups. It has been a privilege to represent your interests and advocate on behalf of this City.

I have been the strong voice that I promised to be on local issues & I held this Council to a standard of professionalism which I believe is in keeping with community expectations.

My previous experience includes; CEO of the Dogs' Refuge in Shenton Park, Executive Manager of David Jones, Chair of the Shelley Primary School Board, WA Police (20 years) and recipient of the Police Commissioners Special Commendation (Bravery), Managing Director of a successful group of retail businesses – one at Westfield Carousel, and Senior Risk Manager for the Departments of Health and Education.

I am particular proud of the genuine relationships and friendships that I have developed within the Indian Society of WA and our many residents of Indian heritage, my close association with the Chung Wah Association and the Chinese Seniors Association representing residents of Chinese heritage.

I have worked to establish an efficient administration dedicated to keeping rates low by reigning in wasteful spending, and this year delivered a balanced budget with an operating surplus – the first in years. Given current economic uncertainty, it is a remarkable financial achievement.

I have led a Council which **acted on crime by creating the Home Security Incentive Scheme** in 2020 - then established this **City's first CCTV Policy** so that we can focus attention on known crime hot spots, has **invested wisely in** community assets like changeroom upgrades, sports lighting projects, our libraries, and the new Bentley Intercultural Centre, and delivered record funding for 40 playground upgrades since 2020 & **Canning's first \$1M+ district playground is coming in 2024.**

With your support, I will continue to lead by example, with integrity, and deliver real results.
