

Candidate Details

Ballot paper name	Henderson, Bruce
Candidate name	Bruce Douglas HENDERSON
District	City of Canning
Nominating for	Councillor for Nicholson Ward
Election type	Ordinary
Enrolment status	Henderson, Bruce is eligible to stand for election as a resident of the City of Canning.

A vote for me means: you're electing some one who will listen to and act for the community's best interest, not my own.

I have lived in City of Canning all my life.

I have been actively volunteering in the community for 40 years in sporting clubs, conservation groups and local schools. holding a variety of positions such as deputy chair of school board president of many clubs and organisations

I have been City of Canning Citizen of the year and hold life membership to local clubs.

Add this to my extensive travel and I bring a vast array of life experience to the job.

I look forward to working in collaboration with the community and fellow councillors to bring about the required outcomes within Canning.

Community requirements are the core to good governance.

Vote 1 Bruce Henderson

What a vote for me means: You're electing someone who will listen to and for the community's best interest, not my own.

I am 56 years old and have been married for nearly 30 years and have 4 children, both my wife and I have lived in the City of Canning all our lives and have both been heavily involved in the local community since the mid 90's, this gives me access not just to my experiences but those of my wife also.

I began volunteering at age 17 and have done so continuously ever since. I have served with a vast array of organisations for sporting groups such as the Rostrata Football Club and many other football clubs in the area in positions from president to coaching and many others in between. I have served as a voluntary conservation land management officer with CALM, was a member of the national 4wd driver training awareness unit that wrote the national standards for 4wd training and I currently hold the position of Deputy Chair of Lynwood SHS board and President of the P & C, positions I have held for 15 years.

I have run my own business for 25 years and ran for State parliament at the last election and have travelled extensively though out Australia.

All this has given me insight into life and the community. I have a deep understanding of what the community wants and how to balance that against what can be achieved in the confines of local government.

What Canning ned is people of integrity who can work cohesively to achieve the best outcome for those we represent.

I am that person.
