| | |
|-------------------|--|
| Ballot paper name | RODRIGUEZ, Ivonne |
| Candidate name | Ivonne Astrid RODRIGUEZ JUNCO |
| District | City of Canning |
| Nominating for | Councillor for Nicholson Ward |
| Election type | Ordinary |
| Enrolment status | RODRIGUEZ, Ivonne is eligible to stand for election as a resident of the City of Canning. |

PARKWOOD & CANNING VALE residents need a strong advocate who will be highly visible in the community. I WILL be that person.

I believe Council needs to **go back to basics and maintain our sporting facilities, parks and open spaces** to a standard that demonstrates **real value for money for the rates we pay.**

I'm heavily involved in our community, and until recently, I was a Cultural Ambassador for the City of Canning, a role which saw me **actively engaged with many local families.**

I have a background in Project Management, and work as a Team Leader at South Metro TAFE – **specialising in disability support.**

I will use my skills to fight for an **upgrade to the bike track at Hossack Reserve** and to advocate for **better facilities for our footy, golf and other sporting clubs.**

If elected, I will be **very active and visible** in the community, bring a **community-first perspective**, and use my skills to **create a safer, more welcoming community.**

I just need your support! **VOTE 1 – Ivonne RODRIGUEZ**

Canning residents deserve a passionate and active local Councillor to represent us all, and as someone who is already committed to our community, I believe I am that person. I have the time, the energy and the genuine desire to serve the City of Canning Council and in particular the residents of Nicholson Ward.

I was born in Colombia and Spanish is my first language. I live in Canning Vale with my husband and our two children. Canning is a place we call home and a community we cherish. As a family, we are deeply committed to the well-being and growth of this community, a community that welcomed us with open arms.

I am a Political Scientist with a Major in International Relations and also have post-graduate studies in Project Management. I am employed as the Team Leader of Student Support Services at South Metropolitan TAFE, specialising in disability support within the tertiary education sector. I am also a cultural representative, who fosters understanding and embraces diversity.

My focus as a councillor will be community-driven decision making, amplifying local voices.

Trust my dedication and join me in building a thriving, inclusive community.

Please VOTE 1 – Ivonne RODRIGUEZ to enable me to represent you and our Community on the Canning Council.
