Election Type	Extraordinary

ALDRIDGE, Marnie

Your Local Voice in Council.

I have regularly attended Council meetings for the last two years and believe that there needs to be a change of priorities.

The focus should be:

Providing for Community Groups not Corporations,

Delivering Services not increasing Investment Portfolios,

Improving Playgrounds not Commercial developments,

Enriching ratepayers Lifestyles not City profits.

Community consultation and feedback is vital and should be a priority in Council decision making.

I live in Shelley and originally got involved with our Council regarding Shelley Beach Park. I am strongly opposed to the commercialisation of our Public Open Space. Improvements could be made for a better playground and park amenities with minimal environmental impact and expenditure to ratepayers.

I won't make unrealistic promises I can't keep but I will promise to be a genuine, honest,

hardworking Councillor who will listen, learn and do my very best to represent you and our Community.
