

Candidate Details

District	City of Canning
Candidate Name	Warren HILL
Ballot Paper Name	HILL, Warren
Nominating for	Councillor for Bannister Ward
Election Type	Extraordinary

HILL, Warren

I've lived in Canning for 32 years and have been interested in council matters since 2012 when the council ordered the demolition of my house. I always attend ordinary council meetings and ask questions about things I consider important, like saving Shelley Foreshore from cafes and asphalt carparks. Conservation is important. So is waste recycling. Plastic is actually a valuable resource that can be cleanly converted to be reused. I consider the council administration to be wasteful. I recently questioned the intention to spend \$200,000 on changing the city logo. I claim to have saved ratepayers \$2,000,000 by writing to Canning Times (11 July 2017) about the intention to buy new garbage trucks while the existing trucks were only 5 years old. My background in public service and construction makes me question whether recent roadworks have provided value for money. Please check out my Facebook page.
