

BUILDING FEE SCHEDULE

Effective July 2021

Determining the estimated value of building work:

The estimated value of building work is either the contract price (including GST) for the works or the total value (including GST) of the relevant components.

Where works are being conducted by an owner builder the value of each relevant component must be determined as though the works were being performed on a commercial basis.

Relevant components means —

- (a) All goods (including manufactured goods forming part of the work); and
- (b) Labour; and
- (c) Services necessary; and
- (d) Fees payable; and
- (e) Overheads to be met; and
- (f) Profit margin.

The estimated value of unauthorised building work is the sum of the estimated current value (including GST) of the relevant components.

Statutory Levies:

Building Services Levy (BSL) – This levy is prescribed under the Building Services (Compliant Resolution and Administration) Regulations 2011 and must be paid on all applications for building or demolition permits.

The BSL on building and demolition permits will be \$61.65 for works valued below \$45,000 and 0.137% for work valued over \$45,000. Building Approval Certificates (BAC's) & Occupancy Permits for Unauthorised works will be charged at double that rate (\$123.30 and 0.274%). BAC's for existing Authorised works and Occupancy Permits will be fixed at \$61.65.

Payments are to be made through the local government authority that is acting as the permit authority for the application and if a permit is not granted this Levy may be refunded.

Construction Training Fund Levy (CTF) – This levy is prescribed under the Building and Construction Industry training Levy and collection Act 1990 and must be paid on all applications for residential and commercial building permits where the estimated value of construction is over \$20,000.

The rate of the levy is 0.2% of the total contract price (inclusive of GST) or \$200 in every \$100,000 worth of project value.

Payments may be made through the local government authority who is acting as the permit authority or directly to the Construction Training Fund office; on line via the link at <http://bcitf.org/>, in person at Suite 3, 40 Hasler Road, Osborne Park, by post to PO Box 746 Wembley WA 6913

Please see overleaf for fees table (prescribed & Council approved).

| Item | Application | Fee |
|------|---|--|
| 1. | Certified application for a Building permit (Form BA 1) — | |
| | (a) for building work for a Class 1 or 10 building or incidental structure | 0.19% of the estimated value of the building work, but not less than \$110.0 |
