

## Request for Council Contribution for Crossovers

The request for the Council Contribution for Crossovers must only be submitted if the Crossover is eligible for the Council Contribution. Eligible crossovers include an initial Crossover for a lot or the upgrade of a bitumen Crossover to a Concrete or Brick-Paved Crossover. If you are unsure as to the eligibility of the Council Contribution, contact the City's Development Engineers on 1300 422 664.

**It is the City's preference that this Request for Council Contribution be lodged electronically, with any supporting documentation, to [customer@canning.wa.gov.au](mailto:customer@canning.wa.gov.au) and marked for the attention of Development Engineering in the subject title.**

All Requests for Council Contributions will be paid via EFT unless advised otherwise.
